Antony Murray  
E G Murray Insurance Services  
9 Victoria Place  
Airdrie  
Lanarkshire  
ML6 9BU

Dear Antony

### Testimony

E G Murray Insurance Services have provided all our business and private insurance and pension requirements for over 24 years, they continue to do so because they deliver a "service" unrivalled in my experience, in a marketplace full of promises that very few deliver.

Our business requires quick and accurate insurance information pertaining to our large and varied contracts all over the UK. We must be sure we are covered for every eventuality and E G Murray have always ensured we are.

The team at E G Murray has evolved over the last 2 decades to such an extent that we have complete confidence in them. We have direct access to the right calibre of people who can answer any query we may have regarding our insurance and pension requirements. Insurance claims are always responded to promptly and resolved to our satisfaction.

We have built a range of companies over years that offer "a first class service" and "high quality workmanship". We expect no less from our suppliers and brokers. Gerry Murray and his team have been a major factor in our continued successes and we have no doubt that our partnership arrangement has a very long way to go.

Yours sincerely

Martin McHugh
